The Future:

Crypto & Blockchain

Blockchain technology and the emergence of cryptocurrencies is disrupting the industry in ways we couldn't have imagined even a couple of years ago. Using cryptocurrencies for transactions is becoming widely popular for travel, gaming, e-commerce and can be used either as the main payment system or as an alternative to fiat-based payment systems.

About us.

GOALS INFOGRAPHY

Vision is to become leading Travel & e-commerce (Real Estate) company in the world of **Metaverse** by **2025**

Mission is to create **safe platform** for entrepreneur & Investors, by delivering exceptional values and innovative experiences.

The SIGO Ecosystem

The SIGO ecosystem combines projects of different industries like Travel , Real Estate, NFT's & metaverse as its own establishment over the period of time. Each of them uses SIGO in their own way for example, as a payment solution to all the travel needs, as a reward on self established platforms and partner platforms, for a rewarding system or to enable unique content. SIGO's success comes with the success of its ecosystem projects.

There are endless use cases. Think Sigo as an umbrella over several standalone projects and lets make Sigo- a success community driven project.
